## **GAS-ASSISTED & HEIGHT ADJUSTABLE PEDESTALS - THE BLACK EDITION OF THE PROVEN PCG SERIES**

### **A timeless, versatile and stylish color: BLACK**

The extensive V-Quipment collection of seating solutions can now be matched with even more hardware options. With 2 new models, the PCG series of seat pedestals now embraces the elegance of black.

These new models feature a premium anodized black finish, offering a modern and sleek alternative to our highly praised and time-tested PCG series. Designed to meet the growing demand for dark-themed deck hardware, these pedestals combine a sophisticated, high-end appearance with reliable, long-lasting performance.

### **Time-tested technology**

While the finish is new, the technology is well-tested. These pedestals are based on the successful PCG series. This means they are equipped with a gas spring that provides smooth support while adjusting the seat to the desired height, and a 360-degree swivel with a sliding mechanism for easy adjustment and added comfort.

### **Seamless black finishing**

To ensure a consistent and premium look, every detail has been considered. All synthetic components, including the handles for height adjustment and the knob for rotation locking, are produced in matching black. This results in a sleek, uniform appearance where every part blends in perfectly.

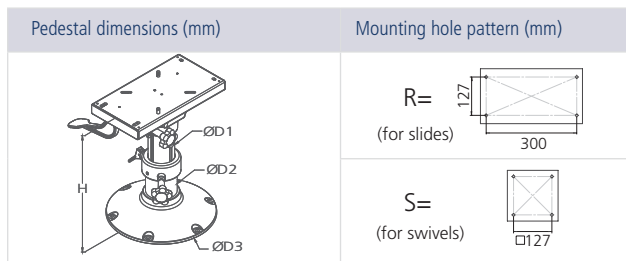

### **Durability**

The pedestals are made from high-grade aluminum. By using an anodized black process, the color is deeply integrated into the metal. This ensures superior resistance to salt water, wear, and scratches, maintaining its original look even in the most demanding marine environments.

## FEATURES & SPECIFICATIONS

- **Material** - High-grade aluminum
- **Finish** - Anodized black
- **Components** - All handles and locking knobs are made of synthetic black material
- **Build for marine environments** - Excellent protection against UV and harsh weather conditions
- **Mechanism** - Gas-spring supported height adjustment, 360° swivel, and slide function
- **Compatibility** - Fits all standard V-Quipment seat hole patterns (Slide/Swivel)

The PCG black series is available in two variants - **PCG4363B** and **PCG5680B** - and are available from stock as of March.

Type	Height (H) (mm)	Mounting hole pattern	Post Ø (D1 / D2) (mm)	Base Ø (D3) (mm)	Weight (kg)
PCG4363B	435 - 605	R / S	73 / 87	305	7,8
PCG5680B	560 - 800	R / S	73 / 87	305	9

### 3-year warranty, unique in the market!

All VETUS boat equipment products are covered by a 3-year warranty. This reflects our confidence in the quality and reliability of our products, built on decades of experience, carefully selected materials, and strict quality control. Warranty coverage may vary. Certain items, such as consumables and wear parts, may be subject to different or limited warranty terms. Full details can be found in the VETUS warranty conditions at [www.vetus.com](http://www.vetus.com). For advice, installation, and service, you can rely on our worldwide network of authorised VETUS dealers.
